

For more than 100 years, our commitment and involvement in the community has been an important part of the way we do business. We're proud to support our local organizations, area schools and our community activities. It's our way of saying thank you for allowing us to be your neighbor. We call it KCTC Helping Hands.

As a company policy, KCTC employees are offered up to 3 days a year for volunteer efforts in and around our community. Team members are encouraged to get involved in their communities by lending their voluntary support to programs that enrich the quality of life and opportunities for all citizens.
