RE: Empower Rural Iowa – Broadband Grant Program

Dear Chief Information Officer Annette Dunn and Review Committee:

I am writing this letter on behalf of Citizens Mutual Telephone. As a resident of Davis County, Iowa, we would like to express our full support of the Empower Rural Iowa Broadband Grant application for Citizens Mutual. They have a long and successful history of providing state-of-art communications services within the State of Iowa. Citizens Mutual has a strong reputation for community commitment and strong customer service. We are confident in Citizen Mutual's capabilities for enhancing broadband service for those residing in Davis County.

With the assistance from the broadband grant, Citizens Mutual will be able to enhance our broadband connectivity with a fiber network design. This fiber build will enable us to overcome some geographical distances, empower us through information, and bring the world to us through a few simple strokes of a keyboard. As an unserved rural area with limited access to Internet services, we face many challenges including limited medical resources and distance between patients, physicians, specialists and facilities. Because of the rural nature of our area, our students do not receive equitable broadband resources as other students in more urban learning centers. We lack to ability to engage in distance learning, video and other tools that advanced broadband can bring to our students. Therefore, it is extremely important that broadband grant funding be obtained to provision for much needed broadband service to our area.

We strongly urge the Office of the Chief Information Officer of the State of Iowa fund this Empower Rural Iowa Broadband Grant application, not only will this help with sustaining the future of advanced broadband services in Citizen Mutual's proposed funded service area, but also promoting the future economic stability of our community.

Sincerely,

A handwritten signature in black ink, reading "Henry Hargland DVM". The signature is written in a cursive, flowing style.

RE: Empower Rural Iowa – Broadband Grant Program

Dear Chief Information Officer Annette Dunn and Review Committee:

I am writing this letter on behalf of Citizens Mutual Telephone. We would like to express our full support of the Empower Rural Iowa broadband grant application for Citizens Mutual. They have a long and successful history of providing state-of-art broadband service at advanced speeds to other rural communities, as well as a strong reputation for excellent customer service and community commitment. We are confident in their capabilities of enhancing broadband service for our business. With the assistance of this grant, Citizen Mutual's expanded broadband network will enable us to overcome geographical distances, empower us through information, and bring the world to us through the touch of a keyboard. As an unserved rural area with limited availability to advanced Internet services, we face many challenges including limited medical resources and distance between patients, physicians, specialists and facilities. Because of the rural nature of our area, our students do not receive equitable broadband resources as other students in more urban learning centers. Our community currently lacks the research; distance learning, video and other tools that advanced broadband can bring to a rural school. Therefore, it is extremely important that broadband grant funding be obtained to provide much needed broadband service to our area.

Citizens Mutual has a long and successful history of providing state-of-art broadband service at advanced speeds to other rural communities and has a strong reputation for community commitment and customer service, we are confident in their capabilities of enhancing broadband service for Davis County.

Sincerely,

Abby Barnhart, Haskin Elevator

RE: Empower Rural Iowa – Broadband Grant Program

Dear Chief Information Officer Annette Dunn and Review Committee:

I am writing this letter on behalf of Citizens Mutual Telephone. As a resident of Davis County, Iowa, we would like to express our full support of the Empower Rural Iowa Broadband Grant application for Citizens Mutual. They have a long and successful history of providing state-of-art communications services within the State of Iowa. Citizens Mutual has a strong reputation for community commitment and strong customer service. We are confident in Citizen Mutual's capabilities for enhancing broadband service for those residing in Davis County.

With the assistance from the broadband grant, Citizens Mutual will be able to enhance our broadband connectivity with a fiber network design. This fiber build will enable us to overcome some geographical distances, empower us through information, and bring the world to us through a few simple strokes of a keyboard. As an unserved rural area with limited access to Internet services, we face many challenges including limited medical resources and distance between patients, physicians, specialists and facilities. Because of the rural nature of our area, our students do not receive equitable broadband resources as other students in more urban learning centers. We lack to ability to engage in distance learning, video and other tools that advanced broadband can bring to our students. Therefore, it is extremely important that broadband grant funding be obtained to provision for much needed broadband service to our area.

We strongly urge the Office of the Chief Information Officer of the State of Iowa fund this Empower Rural Iowa Broadband Grant application, not only will this help with sustaining the future of advanced broadband services in Citizen Mutual's proposed funded service area, but also promoting the future economic stability of our community.

Sincerely,

A handwritten signature in cursive script that reads "Cindy Riggensbach". The signature is written in dark ink and is positioned below the "Sincerely," text.
