

Broadband Grants Program – Connect Every Iowa

NOTICE OF FUNDING AVAILABILITY (“NOFA”) #001

Section 3.2.1 – Evidence of Local Support

The following pages contain interest forms we have received from residents of Auburn, Iowa, most within the last month, requesting our services in their area. We recently sent out a letter asking for interest surveys to be submitted, and the initial response has been very positive. We have redacted names and contact information to protect the privacy of the individuals who submitted the forms. We have a website which allows anyone to view where we have services today, or where we are planning to offer services in the future. Prospective customers can also express interest in having our services, or sign up for services with us, through this website. The website URL is <https://fiber.westianet.com>.
